

# **ADP ALLOCATION METHODOLOGY: CURRENT AND HISTORICAL PRACTICES**

**FY 1997-1998**

## **ADDENDUM**

### **SAPT: Female Offender Treatment Services**

- Allocation levels for Female Offender Treatment Services remained the same as FY 1996-1997.

### **SAPT: Special Projects**

- The Homeless Youth Projects in San Francisco and Los Angeles counties ended June 30, 1997.
- Allocation levels for all other special projects were the same as FY 1996-1997.

### **SAPT: One-Time Savings**

- A total of \$9 million of SAPT Block Grant funds, from savings, became available to counties for discretionary purposes. These funds were considered one-time funds and are available to counties for three fiscal years (FY 1997-1998 through  
  
FY 1999-2000).
- \$3 million in SAPT Block Grant funds were allocated to counties using \$2,500 per each million to all counties, with the balance allocated 50% per capita and 50% step-up.

### **SAPT: Drug Courts**

- The FY 1997-98 Budget Act appropriated \$3 million in Substance Abuse Prevention and Treatment Block Grant funds each year for three fiscal years (FY 1997-98 through FY 1999-2000 ) to be awarded to counties to develop and expand drug court-related substance abuse treatment.

- The applications were evaluated and awards made on a competitive basis through the Drug Court-Related Substance Abuse Treatment Request for Applications.

Per the RFA, any funds remaining within any category (ies) after all proposals meeting the minimum scoring requirements within that category (ies) were funded, the remaining funds allocated to the awarded applicants on an equal basis to proportionately increase the treatment services provided within their original proposals. This resulted in an augmentation of four percent. The four percent was included in this allocation to the 28 counties which were awarded Drug Court funds.
